Editing & Motion Design: DaVinci Resolve, Fusion, Premiere Pro, After Effects, Blender, CapCut

Design: Illustrator, Photoshop, Affinity Designer, Canva

Experience

Motion Designer / Digital Content Creator
Swappin' Thoughts | Lethbridge, AB / Canada | Apr 2023–Present

- Produce motion-driven video content for YouTube centered on sci-fi and fantasy film analysis, reviews, and visual storytelling
- Design and edit videos using pacing, typography, graphics, and compositing to create more engaging and polished content
- Develop visual concepts, thumbnails, and on-screen design elements that strengthen branding and audience retention
- Grew the channel to over 3 million total views through consistent content creation and strong visual presentation

Projects

VFX & Motion Graphics

University of Lethbridge – Visual Effects | Fall 2025

- Designed and animated a one-minute vector-based motion graphics piece with a focus on timing, layout, and visual flow
- Planned, shot, and composited a two-minute short film integrating visual effects into a polished final sequence
- Applied chroma keying, compositing, and digital post-production techniques to create professional-looking results

Media Campaign Design

University of Lethbridge – Design
Fundamentals for New Media | Fall 2024

- Developed a visual campaign for a film promotion including a poster, Instagram asset, and website hero image
- Used typography, imagery, color, and composition to create a cohesive and visually expressive campaign identity
- Presented design rationale and creative direction through a structured visual pitch

Education

University of Lethbridge
New Media Major | Lethbridge, AB | Sept 2022–Present
